Why an NPQLBC?

This qualification provides you with the tools to:

- » Implement effective behaviour management systems
- » Support complex behavioural needs
- » Develop evidence-based improvement plans.

How does an NPQ help you to achieve this?

Deepen your understanding of professional development and effective teaching methods through a dynamic blend of:

- » Evidence-based training
- » Interactive self-study sessions
- » Collaborative discussions.

“It allows you to reflect on what you do well and what to continue to do. You can plan for the future and combine methods learned for personal development as well as considering what you wish for your school, team or self to implement.”

- » Designed for immediate impact – put into practice what you learn with regular practical tasks. Apply new skills and try out new ideas in your own setting, based on the knowledge you gain each week.
- » *Free for state-funded schools – most participants are eligible for DfE scholarship funding and schools/organisations may also get targeted support. Self-funded and school funded options are also available. Eligibility is determined at DfE registration stage and no separate application is needed.
